PROFESSIONAL SUMMARY

I am Sachin Gour, a dedicated web developer with expertise in JavaScript, HTML, CSS. I specialize in building web applications using React.js and am committed to continuous learning and project implementation. Aspiring to commence my career as an software engineer with a technology-driven company of repute.

EDUCATION

Integrated MCA (Computer Applications)   2017 - 2019
Jaipur National University, Jaipur, Rajasthan   Grade: 1368.0/2000.0

Postgraduate Diploma (Computer Applications)   2012 - 2013
Makanlal Chaturvedi National University , Bhopal, Rajasthan   Grade: 663.0/1000.0

Bachelor of Arts (Arts)   2009 - 2012
University Of Kota   Grade: 836.0/1800.0

Intermediate (Class XII)   2008 - 2009
Gurukul Sr Sec School. Bundi , Rajasthan   Grade: 413.0/650.0

EXPERIENCE

Associate - Front End Developer   November 2023 - Present
The Minimalist   *Mumbai*

- **Translating UI/UX Designs:** Transforming UI/UX designs into clean, efficient code using HTML, CSS, and JavaScript.
- **Collaboration and Teamwork:** Collaborating closely with design and backend teams to implement frontend solutions.
- **Responsive Design Implementation:** Creating responsive designs that adapt flawlessly to different screen sizes and devices.
- **Continuous Learning and Improvement:** Staying updated on the latest frontend technologies and best practices to continuously improve skills.
- **Debugging and Troubleshooting:** Debugging and troubleshooting frontend issues to maintain optimal performance.

INTERNSHIPS

Junior Software Developer (Intern)   November 2022 - December 2022
Ninepointer (DegreeMaster Technologies Pvt. Ltd.)   *WFH*

- **Frontend Development**: Translated Figma designs into React frontend codebase, focusing on best practices for UI development and maintainability.
- **UI Component Creation**: Created reusable and modular UI components in React.
- **Responsive Design Implementation**: Implemented responsive design for various screen sizes and devices.
- **Backend Integration**: Collaborated with backend developer to integrate frontend with backend APIs.

PROJECTS

NetflixGPT, ([Github](#))   December 2024

- **Overview:** A movie exploration platform showcasing the latest films organized by categories, offering detailed movie pages and a responsive design.
- **Key Features**: Categories: Top Most, Popular, Top Rated, Movie Details: Runtime, Ratings, Trailers, Posters, Summary, Genres, Recommended Movies, Responsive Design
- **Tech Stack:** React.js, Redux, JavaScript, SCSS, Firebase

Menterra Project, ([Demo](#))   August 2024

- **Informative Website:** Developed a responsive and dynamic website, focusing on delivering user-friendly content and an intuitive interface. Implemented efficient UI rendering with a component-based architecture for scalability.

- **Tech Stack: React, SCSS:** Utilized React for building reusable components and SCSS for modular styling with features like variables and mixings, ensuring maintainability and optimized performance.

Video Streaming App, (Demo)   February 2023

- **Web-Based Video Streaming**: A web application allowing users to watch and stream videos online, offering convenient access to a wide range of content.
- **High-Quality Video Player**: Provides an immersive and enjoyable viewing experience through a high-quality video player.
- **Video Library**: Maintains a comprehensive video library with search and browse features, enhancing content discovery for users.
- **User-Friendly Interface**: Designed with an intuitive and user-friendly interface for effortless navigation and video playback.
- **Latest Web Technologies**: Leverages cutting-edge web development technologies for responsive design and efficient video streaming, ensuring a modern and seamless experience for users.
- **Tech Stack:** ReactJS, Rapid API.

CERTIFICATIONS

Trainee, Newton School   June 2022

- **Full Stack Proficiency**: Completed extensive training in Full Stack Web Development, HTML, CSS, Bootstrap, JavaScript, and React.
- **Problem-Solving Skills**: Developed strong problem-solving abilities through coursework in Data Structures and Problem Solving, enhancing capability for tackling complex coding challenges.
- **Technical Expertise**: Attained proficiency in both front-end and back-end web development technologies.
- **Effective Communication**: Cultivated effective communication skills, enabling collaboration with diverse teams and clear conveyance of technical concepts.
- **Rigorous Training**: Successfully completed Newton School's rigorous program, poised for a dynamic web development career with a robust technical and problem-solving foundation.

SKILLS

Computer Languages: Java, JavaScript, CSS, HTML
Software Packages: React, Mongo DB, Express JS, Bootstrap, NodeJS
Soft Skills: Communication Skills, Teamwork
